Sir:

In response to the Office Action dated March 31, 2006, applicants respond as follows:

**REMARKS**

In the Office Action, the Examiner identified eight patentably distinct species (A-H) referring to specific Figures in the patent application. The Examiner also identified two sub-species covered in claims 15 and 16. The Examiner has required applicants to select a single disclosed species of the eight (A-H) which have been identified and elect one of the two sub-species.

In response thereto, applicants elect to prosecute the species represented by Figures 1 to 3 (A: A single solid state gain medium). In addition, applicants elect to prosecute the sub-species covered in claim 15 wherein the second nonlinear crystal is BBO. It is believed that the
